Developers to ask for removal from Canyon SD

The children's section gets an inspection from Jennifer and Rob Stephens during the open house Sunday at the civic complex. Visitors toured the library, city administration offices, the police and fire departments after a brief ribbon cutting ceremony.

Developers of two South Amarillo subdivisions are expected to petition the Canyon School Board for de-annexation of their properties within the next two weeks in the wake of the defeat last week of a second bond issue proposal.

And, Amarillo School Board President Pete Dallas has reiterated his call for a re-opening of dialogue between the two boards to plan the de-annexation of other lands from the Canyon school district for annexation by Amarillo.

Emmett Fuqua of Quien Sabe Investments of Amarillo said Monday he has asked to be placed on the Canyon board's March 9 meeting agenda to present a petition for the de-annexation of about a half section of land west of Coulter Road and adjacent the Canyon-Amarillo school district boundaries.

Fuqua is also expected to renew his offer to place $200 per acre or about $70,000 in an escrow account to compensate the CISD for potential loss of revenue due to the de-annexation of the property.

"I think it will be quite friendly," Fuqua said, indicating he has talked to CISD Supt. Jerry Jacobs about the meeting discussion.

Fuqua last fall had offered the $200 per acre fee to the Canyon board in exchange for their approval of a petition for de-annexation of the development lands.

The board made no decision at that time and Fuqua quietly agreed to postpone a formal petition for action until after school bond issue elections.

After the defeat of a $6 million bond issue proposal on a Dec. 7 ballot in the CISD, board members stated during a public meeting they would be receptive to Fuqua's offer and any similar offer from other developers in the controversial area west of Coulter Road.

Because the development lands are largely unoccupied, the developers must come to the Canyon board for its approval of the petition for de-annexation before it is presented the Randall County Board of School Trustees for consideration.

B. R. Barfield, representing himself and five other Amarillo area investors, said Tuesday he expects to present a similar petition to the Canyon board for de-annexation of another almost half section of land contiguous with the Canyon-Amarillo district boundary line and just west of Estacado Estates.

Barfield said he must obtain approval from the principals in the land ownership before proceeding with the petition route, but he indicated they will probably be willing to put up the $200 per acre requirement in exchange for approval of their request.

Barfield's land is also unoccupied.

Dallas, who has attended several Randall County school trustee meetings and Canyon school board meetings recently, said he hopes communication can be reopened with the Canyon board concerning the orderly de-annexation of school lands which Dallas believes are in the prime growth area of Amarillo.

He said the Amarillo board had received word from the Canyon board that new dialogue would not be appropriate until following the bond issue vote last Tuesday.

Dallas said he hopes the two school boards can get back together and come up with criteria upon which to base future decisions concerning the de-annexation of school lands to Amarillo's district.

The Amarillo board or Amarillo board committees have met three times formally with the Canyon board or Canyon board committees.

Up until the post-Dec. 7 announcement of intent, the Canyon board had maintained a negative stance on allowing school lands to be detached for annexation to Amarillo.

Only one parcel of land in the north part of the district has been de-annexed from Canyon. A petition signed by five families in the 160-acre Glendale subdivision owned by Glenn O'Dell of Amarillo resulted just recently in the de-annexation after several appeals of a county school trustee order for de-annexation rendered in November 1974.

Budget to be eyed too

Mayor to issue reply to News charges today

Mayor Manly Bryan will issue a reply Thursday night to The Canyon News' charge that city officials violated the open meetings law in a recent executive session.

The agenda for a city commissioners meeting called for 7 p.m. Thursday to consider next fiscal year's budget lists "A statement regarding recent accusations from the press." Bryan declined to comment on Tuesday on the agenda item, saying only that he will have a statement Thursday night.

Canyon News editor Carroll Wilson has asked for time to respond to the mayor's statement and city manager Glen Metcalf has said that Wilson can reply as a portion of the same agenda item.

At commission meetings, all subjects to be discussed must be on the agenda.

The Randall County grand jury is scheduled Monday to consider the News' charge that the closed meeting held Feb. 16 by city commissioners violated state law. Following the meeting, the News asked District Attorney Randall Sherrod to investigate. Sherrod did not bring charges then, but said he would present the matter to the grand jury.

The executive session, which followed the commissioners' regular meeting, was called under the provision of the open meetings law that allows governing bodies to discuss the appointment, employment, evaluation, reassignment, duties, discipline, or dismissal of a public officer or employee.

In announcing the executive session, Mayor Bryan said that salaries under consideration in the proposed budget would be discussed.

It was unclear, following the meeting, whether commissioners had discussed the city's general pay plan or only salaries for specific employees. Commissioners who were interviewed the following day differed on what had been discussed the night before.

The News contended to Sherrod that a general discussion of salaries is not permitted by the open meetings law and presented a ruling by the Attorney General that held that a school board could meet in closed session to discuss individual salaries but could not close the meeting to talk about

Flu takes toll on young, old; schools' absentee rates rise

The flu has hit Canyon and surrounding areas, taking its toll on young and old alike.

Canyon school officials report higher-than-usual absentee rates for every CISD campus among both students and teachers.

West Texas State University is also believed to be hard-hit by the ailment.

Dr. J.E. Low, city health officer, said Monday Canyon folks have experienced a big increase in flu cases.

"It's been very severe at the university," he said. "We've seen 50 a day who've come down with it, and some students go to their Amarillo doctor or to the doctor in their hometown."

While many in every age group have come down with the disease, Low said very few patients suffering from the malady have required hospitalization. Only those who couldn't keep medication on their stomachs have been hospitalized, he said.

The flu is characterized by a high fever, coughing, and a general achiness, he said.

"It lasts as little as four to five days up to a week," he said. "The cough is the last thing you get over."

His advice: stay in bed and see your doctor for relief from the symptoms of the malady.

Canyon school officials reported absentee rates running near the 10 per cent mark late last week and early this week.

Leonard Kent, assistant principal at Canyon High School, reported Monday that absences were running higher than usual. He reported 73 students absent on Friday. Several teachers, he said, were also out with the flu.

Luther Lawless, principal of Gene Howe Elementary School in the north part of the CISD, said he had about 40 children absent on Monday for an absentee rate of around seven per cent. He said the school averages about five per cent absences throughout the year.

Rex Reeves Elementary School Principal Bob Parks said the Canyon school had an absence rate of about 10 per cent on Monday. The absentee rate was about the same during the latter part of last week, he said.

The rate of absentees was running well below the 10 per cent level at Canyon Junior High on Monday, according to R.D. Wheelock, assistant principal. Wheelock reported 62 children absent from classes.

On Tuesday, absentee rates for the Canyon schools were almost the same as for Monday.

At Rex Reeves, 120 children were reported sick Tuesday. That, according to Parks, is about 12 per cent of the population.

Gene Howe School, the junior high and the high school reported absentee rates similar to those recorded on Monday.

A flu epidemic closed the Canyon schools for a brief period three years ago.

Girls meet Rice school in state tourney today

Eagle girls will meet a newcomer to state competition tonight when they take on Rice Consolidated High School from Altair near Houston in the opening round of state championship play at Gregory Gym at the University of Texas in Austin.

Rice girls, coached by Ruben Wonderlick, are making their first trip to the state playoffs. Defeated only three times this year, they hold a 31-3 season record, with two losses to Bellville and one to Victoria. Both Bellville, a 2A school and Victoria, in 4A, are at the state tournament.

"Rice has a good ball club," commented Canyon coach Bob Schneider.

Statistically, Canyon has the edge. Undefeated so far this year, Eagle girls have averaged 78 points a game. Robena Johnson averages 30 points a game, with Louise Davis shooting 19 a game, Deedy Johnson hitting 11 points a game and Becky Williams averaging 10 each game.

Rice girls have averaged 60 points a game for the season with their top scorer, Mary Jo Stanhil, at 5-7, averaging 28 points a game.

Their 6-foot center, Elisa Teeter, has hit 22 points a game for the season, and their third forward, Mark Lou Banks, at 5-2, averages 10 points a game.

According to Schneider, Banks sets up the Rice offense.

Rice guards include Beryl Shorger, at 5-9, Debra Parks, standing 5-2 and Mae Hurd, who is 5-7.

While the Rice girls may be new at the state level, Wonderlick said his team was a well-seasoned group heavy with seniors. And Canyon's reputation won't bother his girls, he said.

"They don't know about it," he

Money crunch for highway dept. won't affect I-27 construction

What is probably the worst money crunch in Texas Highway Department history may affect new highway projects in the Canyon area, but is not likely to impact on plans for construction of Interstate 27 through Randall County.

That's the word this week from regional officials at the Texas Department of Highways and Transportation office in Amarillo.

Ed Timmons, public affairs officer for the office, said Tuesday a major study effort now underway at state level to determine priorities for specific construction projects will probably have no impact on the projected construction of the interstate.

It will affect, though, he said, plans for extending Hunsley Road just north of Canyon to the east of U.S. 87 and long-term plans to eventually construct an overpass to carry Hunsley Road over the highway.

The study, which is examining every project under THD supervision in the state, is expected to be completed by midsummer, according to A. L. McKee, district engineer.

Timmons said the future of the Interstate 27 project, which has been in the making since the late 1960's, is now written in a new federal highways bill which a House-Senate conference committee is considering in Washington.

He said both House and Senate have passed the bill, but each has planned for differing expenditures. The joint panel is to work out the projected funding.

Timmons said the money crunch is not likely to affect the purchase of right-of-way for the interstate. THDPT workers are now in Randall County talking with landowners about property values in an effort to determine payment prices for lands within the highway right-of-way.

The highway is to run east of Canyon from just north of Stuckey's restaurant south to south of Happy.

Construction on the interstate has already begun in the Lubbock area.

McKee said his office will be waiting on the special state study

Senate candidate Gramm hits fed spending deficits

Phil Gramm has that lanky way of wrapping himself into a chair, folding his legs for comfort and resting his arms, outstretched before him, on his knee while he manipulates a paper clip.

It's the same way he wraps himself around an issue, holding it down almost and turning it this way and that was to test its strengths and weaknesses.

He talks to the paper clip, occasionally lifting his eyes to emphasize a point with direct contact over the rim of his glasses. Like you're sitting with him in the student union building and he just wants to chat.

If Phil Gramm, who's after Lloyd Bentsen's seat in the U.S. Senate, hits every small Texas city like he hit Canyon a couple of days ago, it'll be without fanfare, without advance phone call, without the grey-suited and youngish public relations expert at his elbow, the glossy colored, PR firm-designed sheaf of pablum-like issue statements.

He just stops by for a visit.

"Mind if I use your phone for a minute?" he asks and seconds later he's talking to someone at his campaign headquarters about his call that day.

Then, he's manipulating that paper clip and massaging the mountain of issues he sees as key to his campaign to overcome the massive pre-primary coverage his opponent, the incumbent, has received as Bentsen has stalked parallel prey — the Presidency and the Senate.

Gramm concentrates on economics, not just because he's

Eagles lose in bi-district bid

"We just didn't play the type of ball game we've played all year," said Canyon boys' coach B. B. Kendrick following the Eagles loss Tuesday night in bi-district play to Odessa Ector, 48-41.

"We played real poor," he said. "At least we had a very poor offense. We had a very good defense."

Canyon's defense held the running Ector team to 20 points below their game average and virtually stopped their leading scorer, who made only six points for the game.

But Canyon also scored little, Kendrick pointed out. Mike Flynn, who shoots well from the outside and who is usually in the double figures, didn't score at all and Hoss Ratliff, another big gun for the Eagles, ran into foul trouble early in the game and scored only four points. Ratliff fouled out in the third quarter.

John Johnson turned in a fine game, scoring 23 points and snagging 12 rebounds.

Canyon was also somewhat intimidated by Ector's speed, said Kendrick.

"No excuses. They have a good ballclub but I feel we had the

Schools slate observance of public education week

An open invitation for parents, and other individuals interested in the Canyon Independent School District has been issued for the annual observance of "Texas Public Schools Week."

In conjunction with the observance, March 1-5, interested individuals have been invited to become acquainted with teachers and the general teaching program through visitations in the classrooms.

The school week agenda includes open house at both Gene Howe and Rex Reeves School Buildings on Monday evening.

The Gene Howe open house begins at 7 p.m. with a Parent-Teacher Association meeting and an entertainment program by third grade students after which the visitors will be visiting in the classrooms and viewing the school's art fair display.

Rex Reeves PTA will convene at 7:30 p.m. Monday evening, March 1, and will have a program of choir music by the sixth grade choir under the direction of Donna Wilson.

Throughout the week at Rex Reeves, visitors will be encouraged to view the Sixth Grade Science Fair projects on display. The fifth grade spelldown is set for 8:45 a.m. on Tuesday.

Open house at Canyon Junior High School will be held Tuesday evening, 7 p.m., as the junior high choirs present a musical program in the school auditorium.

Other events during the week will include luncheon visitations by civic organizations including the Rotary Club which will be dining at the high school on Tuesday, the Lions Club which will have lunch at Rex Reeves Elementary School on March 3 (with a gymnastics program planned by students), and the Kiwanis Club which will have lunch at Canyon Junior High School on March 5.

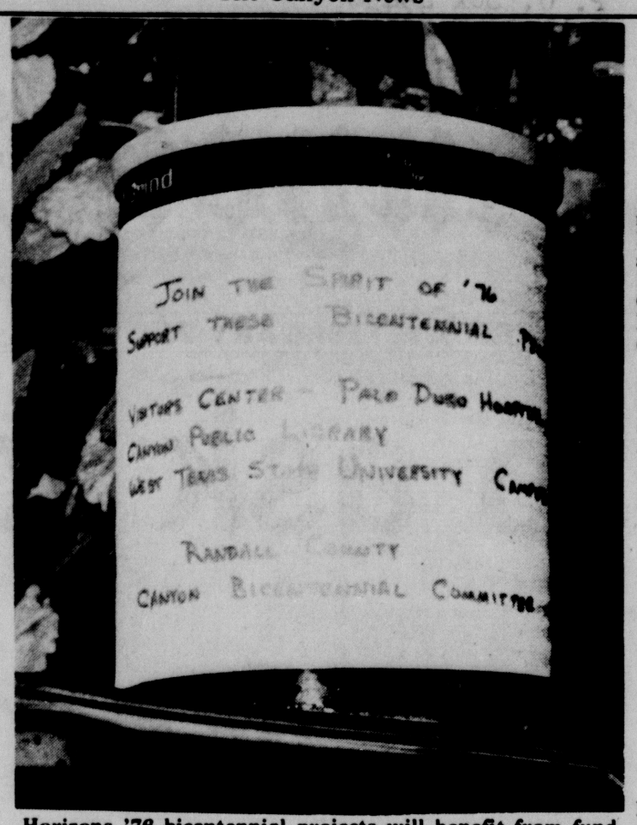
News Brief

Two Canyon residents were attending the biennial convention of Texas Alcohol Narcotics Education (TANE) recently in Dallas. They were the Rev. James M. Hancock, pastor of the First Baptist Church, and Gene McGlasson, Jr., a local attorney. Both are directors of TANE's board.



Horizons '76 bicentennial projects will benefit from fund canisters throughout the city. The funds collected will be used for continuing improvements including the Palo Duro Hospital Visitor's Center, the Canyon Public Library, and the WTSU campus beautification project, according to Claire Kuehn, horizons chairman. The canisters were decorated and provided by the Gamma Sigma Sigma sorority at the university. The project to date has collected $1,372,000 according to John Childs, co-chairman.

County wants loop action

Randall County Commissioner Jim Fletcher said Monday he will go to Austin with an Amarillo area group in late March to ask the Texas Highway Commission to take action on Loop 335 in the north part of the county.

Fletcher told other commissioners during their regular Monday meeting the group will ask that the commission approve a designated route for the loop, which is planned to surround Amarillo, so that purchase of right-of-way may begin.

The commission will also be asked to establish a North Randall County quadrant of the loop as a top priority for funding for construction.

Amarillo Chamber of Commerce highway committee members are sponsoring the trip to appear before the commission.

In other business Monday, commissioners approved the purchase of 3000 receipts for use in the district attorney's office for handling hot checks. Dist. Atty Randall Sherrod said the receipts would make it possible for his office to stop handling monies collected.

County Agent John Brazzil presented a landscaping plan for the county courthouse annex in South Amarillo. Commissioners Dee Griffin and John Fulgenzi were appointed to a committee to examine landscaping alternatives and report back to the commissioners court.

Services conducted for M.E. Counterman

Funeral services for Mantford E. Counterman, 73, of Happy were conducted Tuesday afternoon at the First United Methodist Church of Happy with Rev. Roland Moore, Methodist minister, officiating.

Mr. Counterman died Saturday morning at the Palo Duro Hospital in Canyon. He was born October 20, 1903 and came to Happy and the Wayside community in 1925. He was married to the former Grace Sluder on March 24, 1929 at Happy and had been a star route mail carrier in the Happy area for 22 years until retirement in 1961. He was a member of the First United Methodist Church at Happy.

Interment was conducted at the Wayside Cemetery, under the direction of Schooler-Gordon Funeral Directors of Canyon. Pallbearers included Charles McCaslin, Adrien Bates, Elbern Wallace, Tommy Sexton, Joyce Lane and Melton McGeehee.

The family has requested that memorial gifts go to the Lord's Acres of the First United Methodist Church in Happy or other favorite charities.

Survivors include his wife, Grace; daughters, Mrs. Ida Fortenberry of Amarillo and Mrs. Eva Harrison of El Freido, Ariz; and sons, Mantford, Jr. of Utah, W.A. of Roosevelt, N.J., and John R. Graham of Fort Worth; sisters, Mrs. Altie Dillinger of LaJunta, Colo. and Mrs. Dorothy Proctor of Jetmore, Kans; 18 grandchildren and 14 great-grandchildren.

Cub Pack 66 sets banquet

Cub Scout Pack 66 sponsored by the First Christian Church will hold their annual Blue & Gold banquet Thursday at 6:30 p.m. at the First Presbyterian Church.

It will be a covered dish family supper. The highlight of the evening will be presentation of awards earned by the Cubs during the past two months, a pinewood derby race and a birthday celebration for Scouting.

Canyon film shows today

An 11-minute film extolling the virutes of life in Canyon will be shown to the general public at 5 p.m. today at the hospitality room of the First National Bank.

Raymond Raillard of the Canyon Board of City Development said anyone interested in viewing the film is welcome to attend. The south door of the bank will be open, he said. The hospitality room is downstairs.

The film, financed by the board of city development, was produced by Amarillo Photographer Bill Rhew and shows the assets of the city.

Funeral rites are pending

Funeral rites are pending for Marion Cook, 83, who died Wednesday in Union, New Jersey while visiting with a daughter, Mrs. Kenneth C. (Jean) McArthur.

Mrs. Cook, a resident of Happy for 43 years, was born in 1893 in Mona Centre, Ontario, Canada and came to Happy in 1933 from Moose Jaw, Saskatchewan, Canada. Her husband, George Cook, died in 1951. She was a member of the United Church of Canada in Elva, Manitoba, Canada.

Survivors include the daughter, Mrs. Kenneth C. (Jean) McArthur of New Jersey; a son, Ross Forsyth of Happy, 4 grandchildren and 3 great grandchildren.

The family will be at the Ross Forsyth home in Happy while arrangements are completed locally through the Schooler-Gordon Funeral Directors. The family has requested that memorials go to favorite charities.

Crash injures city worker

A city worker was hospitalized following a collision Monday on VFW Road.

Jerry Renner was reportedly hauling caliche for road work on 6th Avenue when his loaded city truck collided with another vehicle about three miles north of Canyon.

Renner was taken to Palo Duro Hospital where he was admitted for observation.

Cruse family sings tonight at university

The Cruse family of Jacksonville, Texas will be presenting a public program Thursday evening, Feb. 26, at Cousins Hall dormitory on campus.

Sponsored by the Baptist Student Union, the program will be open to the public at no charge.

The Cruse family has appeared on the Grand Ole Opry and is presently under contract to Superior Records of Nashville, Tennessee.

Replacement blood needed for sister

Replacement blood is being sought for Mrs. Herb (Lota) Adams, 58, of Pampa who had open heart surgery two months ago. She has suffered a stroke and blindness since and was readmitted to St. Anthony's Hospital last week for treatment.

Mrs. Adams is the sister of W. A. Pat Patton of 2616 13th Avenue, Canyon and has two grown children. She has already received numerous pints of blood in her treatment.

At the readmission, Mrs. Adams had a blood count low enough to practically be unrecorded. She is reported by St. Anthony's Hospital personnel this week to be slightly improved.

Blood donors may contribute locally at the Coffee Memorial Blood Center, 306 17th Street, Canyon on Mondays and Thursdays from 12 a.m. through 3 p.m. or at the Coffee Memorial Center in Amarillo from 8 a.m. to 7 p.m. Monday through Friday or by appointment there on Saturday mornings.

Gramm . . .

(Continued from Page 1)

an economics professor at Texas A&M, but also because he sees economic issues as the major problems confronting Texans and all Americans this campaign year.

Take the problem of inflation, for example.

"There are a lot of fancy names to describe (inflation), but I think 'theft' describes it quite adequately," he says. "It is theft in its most destructive form because it falls most heavily on the shoulders of those Americans who are least able to bear the burden of the theft — the old, the poor and those who try to save to provide for their future and the future of their children.

"The history of the United States reveals only one cause of inflation: government deficit spending financed by printing money which drives the demand for goods and services up at a more rapid rate than new goods and services can be produced."

Inflation, Gramm says, can be stopped only by slowing down the rate of growth of government spending and putting the federal government on a budget like everybody else.

But, where should government spending programs be cut to maintain a stable spending level.

"Foreign aid, both economic and military, would be high on the priority," Gramm answers. "It's hard to find anywhere in the world a friend we've bought or an area where we've effectively curtailed communism."

The United States, Gramm says, needs to call on Europe and Japan to pay their proportionate share for the keeping of American troops within their countries and in Western Europe.

Welfare reform, he says, is also a high priority budget item which must be examined to reduce federal spending to produce a balanced budget.

"The welfare program has become an instrument for institutionalizing poverty by stifling incentive and by maintaining the dependence of the welfare recipient on the government dole," Gramm says. "I will work to enact programs which provide positive incentive for welfare recipients to take employment by reforming the welfare payments while an individual obtains on-the-job training or works at part-time employment. I will also work to eliminate to the maximum extent possible the welfare bureaucracy by making direct cash payments to the poor as a substitute for costly and inefficient indirect subsidies."

The problem of U.S. energy resources is also one related to economics and Gramm has a multi-point program for aiding the country toward energy sufficiency.

"Today, the United States imports almost 40 percent of its crude petroleum supplies at an artifically high price imposed through a cartel of the Organization of Petroleum Exporting Countries," Gramm says. "This degree of foreign dependence and the drain on the American economy generated by these purchases represents a serious threat to both economic stability and the national security of the United States."

Federal legislation has not helped the situation, he charged, and he presents his own six-point program:

*Domestic production must be increased by eliminating the uncertainty of federal price and tax policy which is currently impeding investment and production.

*We must immediately open up the Continental Shelf for drilling not only along the coast of Texas and Louisiana but along the coast of California and Massachusetts as well.

*The Congress must act immediately to pass enabling legislation allowing federal leasing of off-shore areas outside state jurisdiction.

*These leasing contracts should carry heavy penalties for polluting the environment through leaks and the funds generated from leasing sales should be applied to lower the federal deficit. We must deregulate natural gas prices at the well-head on interstate sales to encourage production and conservation.

*We must open up the Naval Reserves for production in California and Alaska.

*The government should play an active role in basic research on new fuels and in developing technology for the production and conservation of old ones.

Gramm says he opposes any federally guaranteed programs or subsidy programs for the energy industry. The free capital market should provide the incentives necessary, he says.

In a purely political vein, Gramm, whose name will be on the Democratic primary ticket along with that of Bentsen, believes the recent decision by his opponent to restrict his active Presidential campaigning to Texas will be a boon to the Gramm campaign.

The evidence: "My contributions have doubled since he dropped out."

better team," he said.

The loss in the bi-district playoff was a disappointing end to a fine season, said Kendrick.

"We've had a good year," he said. "I love the play-offs but sometimes I hate to go into them.

"As a coach and as a team, we gear our whole attitude toward winning district and when we do that, we feel a real sense of accomplishment. Then to go into the playoffs and lose makes us end on a losing note and the kids feel down. It isn't fair to them to feel that way after playing so well all year.

"They played real well this season," he said. "I've been very proud of them."

salaries as a class.

The budget hearing scheduled for Thursday was originally planned for last week and has been postponed twice. Schedule conflicts of the commissioners have caused the postponements, Metcalf said.

City officials must place the budget on file for public inspection by March 1, according to requirements of the city charter.

At the budget session, a line by line discussion, including salaries, is scheduled. Metcalf has reportedly proposed overhauling the city's pay scale in a plan similar to one prepared for the city in 1974 by the Public Administration Service.

commented.

Canyon girls left at 8 a.m. Wednesday and will work out Thursday morning at the St. Edwards University gym. Because of the additional teams playing this year in 4A, Gregory gym will not be available for workouts and teams have had to find other places to practice, said Schneider. Rice has not scheduled a practice session at the tournament, Wonderlick said.

If Canyon wins tonight, they will play for the title at 8:30 on Saturday.

before allocating construction funds in the Canyon area for the Hunsley Road projects.

The Randall County situation is not unique, according to McKee. "The crisis is upon us," he said. "It is real, and it is serious."

Citing the fact that the federal and state governments have been investing decreasing amounts in better transportation in recent years at a time when transportation needs have grown as a result of an expanding economy, he noted that transportation in Texas is caught in a squeeze between declining revenues and rising costs.

Studies currently underway have revealed that the State Department of Highways and Public Transportation has a backlog of construction and right of way projects totaling $11 billion.

"The best forecast as things stand now indicates that we will have about $1.9 billion in state and federal funds for construction over the next 20 years," he said.

"Actually, this will be available for only six years or less since around 1980 we will not have sufficient state dollars to match federal dollars," he said. "That's enough to whittle away only 17 percent of our current backlog." Putting it another way, the program will be only one eighth as large as was possible at past funding levels, he said.

Recognizing the gap between projected revenues and established needs and the drastic program reductions to be made, the State Highway and Public Transportation Commission contracted with McKinsey and Company, a noted management consulting firm, to study the conditions and to assist the department in finding the best courses of action to respond to the changing environment in order to provide the most mobility for the available dollars.

Included in the study will be an assessment of what facilities and what mobility can be provided at different levels of taxation, including current tax levels. Each element will be tested for its benefits-to-cost ratio.

The study is expected to develop, by mid-year, alternate statewide arterial systems, together with financing alternatives. The results of the study will be reviewed with local officials and private citizens at an appropriate time.

A number of cost-reduction actions and improved management procedures have already been instituted by the department, including a moratorium on certain right of way purchases, a 20 percent reduction in the work force, cancellation or deferment of contract lettings, curtailment of mowing operations, and related functions.

Also under consideration are various design alternatives such as reductions in grade separations, median widths, and numbers of lanes. An aim will be to invest in projects that start providing benefits at an early date, expecially on a statewide basis, and to defer projects for which benefits would not be realized for several years.

"Looking ahead, many commitments for projects now included in the department's backlog of work will have to be rescinded," he stated. "It is also clear that financial resources at this point will make it necessary to reduce many ongoing projects in both scale and cost."

Going somewhere? Or been? The Canyon News wants to know about it — and so do its readers.

CHRISTIAN CHURCH • DISCIPLES OF CHRIST •

The Christian Church (Disciples of Christ) has a unique structure. It operates at three distinct levels: congregational, regional and general. But there is no pyramid of authority. The church at each level owns its property outright, manages its finances, determines its program, hires its staff. Each is linked to the others by moral force alone. Regions and congregations both send representatives direct to the General Assembly.

Library hours

A change in library hours beginning March 1 will open the new library one morning and one night a week.

New hours approved by the city this week will operate for a trial period to test public use of the library, Mary Huntington, librarian, said.

Hours will be:
Monday — 3:30 to 8 p.m.
Tuesday, Thursday and Friday — 1 to 5:30 p.m.
Wednesday — 10-5:30 p.m.
Saturday — 9 to noon.

STATE OF TEXAS

TO: TIMOTHY ALFRED GARVEY, Respondent.

GREETINGS:

YOU ARE HEREBY COMMANDED to appear and answer before the Honorable District Court, 181st Judicial District, Randall County, Texas, at the Courthouse of said county in Canyon, Texas, at or before 10 o'clock A.M. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of Marilyn Joy Garvey, Petitioner, filed in said court on the 23rd day of February, 1976, against Timothy Alfred Garvey, Respondent, and the said suit being number 11,629-B on the docket of said Court, and entitled "In the Matter of the Marriage of Marilyn Joy Garvey and Timothy Alfred Garvey and In the Interest of "Kimberly Jo Garvey, Gary Scott Garvey, Kristi Kay Garvey, Lori D'Ann Garvey and Kelley William Garvey," the nature of which suit is a request to reduce unpaid child support to judgment.

The Court has authority in this suit to enter any judgment which will be binding on you.

Issued and given under my hand and seal of said Court at Canyon, Texas, this the 23rd day of February, 1976.

RESOLUTION AND ORDER BY THE BOARD OF DIRECTORS OF SOUTH RANDALL COUNTY HOSPITAL DISTRICT CALLING AN ELECTION FOR THE PURPOSE OF ELECTING DIRECTORS

* * *

WHEREAS, by virtue of the provisions of Chapter 200, page 1017, Acts 62nd Leg., Regular Session, 1971, it is necessary that an election be held in SOUTH RANDALL COUNTY HOSPITAL DISTRICT on April 3, 1976 for the purpose of electing three Directors for such District, to serve until the first Saturday in April, 1978 and thereafter until their successors have been declared elected and qualified; therefore,

BE IT RESOLVED AND ORDERED BY THE BOARD OF DIRECTORS OF SOUTH RANDALL COUNTY HOSPITAL DISTRICT:

SECTION 1: That an election be held on the 3rd day of April, 1976 within said South Randall County Hospital District, for the purpose of submitting to the resident qualified electors of said District the following:

THE ELECTION of three Directors for said SOUTH RANDALL COUNTY HOSPITAL DISTRICT to serve until the first Saturday in April, 1978 and thereafter until their successors have been declared elected and qualified.

SECTION 2: That the manner of holding said election shall be governed by the General Laws of the State of Texas, except as otherwise provided by Chapter 200, page 1017, Acts 62nd Leg., Regular Session, 1971, and all resident qualified electors shall be entitled to vote.

SECTION 3: To be eligible for the office of Director a person must be a resident of the District, a freeholder, and a qualified voter.

SECTION 4: The said election shall be held at the Community Center, Canyon, Texas and the entire District shall constitute one election precinct for said election; the Presiding Judge shall be Mrs. Lawrence D. Hunnicutt and the Alternate Presiding Judge shall be Mr. William B. Davis.

The Presiding Judge shall appoint at least two (2) clerks to assist in holding such election.

ABSENTEE VOTING shall be conducted by Mr. Terry Pittman at Palo Duro Hospital, #2 Hospital Drive, Canyon, Texas in accordance with the provisions of Article 5.05, V.A.T.C.S. Election Code and said Clerk shall keep his office open between the hours of 8:00 A.M. and 5:00 P.M. on each day for absentee voting which is not a Saturday, a Sunday, or an official State holiday.

SECTION 5: That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.C.S. Election Code, and that written or printed on such ballots shall appear the names of the candidates for directors who have submitted a proper petition under the provision of Chapter 200, page 1017, Acts 62nd Leg., Regular Session, 1971. Persons desiring to have their names appear on the ballot may obtain forms of petitions to be completed from Mrs. Nolon Henson, Jr., Secretary of the District.

SECTION 6: The election officials shall make due returns of said election within five (5) days of the date of holding the same.

SECTION 7: The Board of Directors shall give notice of the election herein ordered by publishing a true copy thereof, signed by the President and attested by the Secretary, in a newspaper of general circulation published in Randall County, Texas, one time at least thirty (30) days prior to the election.

PASSED, APPROVED AND ADOPTED, this 16th day of February, 1976.

Hills have baby

Mr. and Mrs. Teddy Hill of 6503 Amarillo Boulevard East, Amarillo announce the February 19 birth of a son, Joshua James, who weighed 7 pounds, 8¼ ounces and measured 20 inches at birth in Palo Duro Hospital at Canyon.

The father is employed with Artic Foods. Grandparents are Jack Vick and Pat H. Vick and Mr. and Mrs. J. T. Hill, all of Amarillo.

Trash increases treasury

Dumping fees collected at Canyon's public land fill have more than tripled since higher rates went into effect in mid-January.

Collections for the first month, from Jan. 15 to Feb. 14, totaled $1,966.10. Fees for the period just before the rate hike, from Dec. 15 to Jan. 14, amounted to $569.50.

City officials aren't sure if the big increase reflects only the higher rates of if traffic to the public dump has also increased.

Financial officer Marguerite Strain said the increase was due only to the rate hike but City Manager Glen Metcalf said he thought more people were using the dump now.

"One thing we have noticed, the vehicles that do come in to dump are more fully loaded now than they were," he said.

Canyons' rates for public dumping were raised substantially on Jan. 15 after Metcalf predicted that the city would be inundated with refuse brought here from Amarillo to dump. When Amarillo raised rates and opened a new landfill near Bushland in January, Metcalf feared that persons who had been using the Amarillo dump would switch to Canyon because it would then be closer and cheaper.

Commissioners raised Canyon rates to match Amarillo's, going from a 50-cent minimum to $1.80 and setting a maximum at $20 from the previous $1.50 top rate.

Collections with the new rates for the first seven days of operation almost equalled fees for the entire last month under the previous rates. Dumping fees for the first week amounted to $557.60, only $10 lower than collections the entire month before.

Although city records don't list the number of vehicles per day at the dump, Metcalf still feels that the rate hike prevented a serious overload of Canyon facilities.

"There isn't any way to prove that it would have happened that way," he said. "But I still think we would have seen a tremendous increase in usage after the new Amarillo landfill opened if we hadn't done something."

Under the new rates, Canyon householders hauling their own trash are not charged a dumping fee.

Going somewhere? Or been? The Canyon News wants to know about it — and so do its readers.

New flu cases reported in area

By DORIS MCKEE

GUESS IT IS about time to get the ole typewriter going, so we can get the latest happenings headed out your way. This week I have begged, brided, and even threatened to cry a little if someone didn't give out with just a little news.

Guess it must have worked a little. Not many people like to see a grown woman cry.

* * *

WE HAVE HAD and still have a few new cases of this flu that is making the rounds now. Seems quite a few of the ones I've talked to have really been sick. We hope this bug will pass real quickly and that everyone is soon back to good health.

* * *

WE WOULD LIKE to welcome several newcomers to Siesta: Mr. and Mrs. Ed Belter of 224 Loma Linda; Mrs. Carol McCoy at 211 La Fiesta; Mr. and Mrs. Raul Hernandez at 203 La Fiesta; James Chamber at 144 Siesta Lane; Sharon Duff at 129 Siesta Lane; Mr. and Mrs. Greg Herring at 244 La Fiesta; Miss Jean Lowry and Miss Carol Hendrick at 111 Siesta Lane; Mr. and Mrs. Alan I. Miller at 238 La Fiesta; Mr. and Mrs. Rickey Norwood at 158 Siesta Lane; Mr. and Mrs. Ken Warren at 245 Loma Linda; Mr. and Mrs. Cliff Welty at 156 Siesta Lane and Mr. and Mrs. Gene Wagner at 146 Siesta Lane.

We hope each and every one of you will like it here at Siesta.

CALLED EUNICE RINEHART to see how things were with her and Barney. She said they had been staying pretty close to home. They did go in last week and help their daughter and family move.

Seems Charlotte and Tom have sold their home and bought a four-plex. This past Sunday their son, Bobby, came out for lunch and stayed for a visit.

* * *

SUNDAY AFTERNOON I hopped on the bicycle and peddled down the street to the Burgan home. Just couldn't wait any longer to see that new baby boy. He is darling and everyone in their family is crazy about him. Seems the girls are kissing the hair right off his little head. They just can't seem to pass him without giving him a smack. I tried to talk them out of him but boy that was like talking to a brick wall.

TALKED TO CLARICE Heglin last week. Her and Chuck's son, Bruce Heglin of Lafayette, La., visited them for a few days over the weekend recently.

Also learned that Clarice's brother and family, Mr. and Mrs. Forrest Jennings of Hettinger, North Dakota, and some of their friends had visited them recently. Some other recent visitors were the Dean Heglins from Denver.

* * *

I ASKED CLARICE and Peggy Gore how they were doing on their bowling league. They said they weren't in a very high

place but that they sure did have fun. Guess that's what counts anyway.

Speaking of bowling I checked with Jean Mayfield to see how they were doing. She and Phil bowl on a couples league on Monday nights. Their team is the Laters and they are hot on the trail of first place.

Jean also bowls on a morning league on Tuesdays. She said they were headed for first place there also.

HAVE A FEW people who had birthdays this past week, and would like to wish them a belated Happy Birthday. First one was on the 19th and that is to my favorite spouse, Royce. This year we didn't celebrate, as he said he would "just as soon forget it."

The second belated birthday was on the 20th, and that goes to a neighbor a couple of trailers south, namely Peck Risner. Now I'm not too sure just how old this one set him back, but there's one thing I know for sure, he'll never see 19, 29, 39 or — again.

The third birthday wish goes to John Hunt who was 11 on the 21st. John is the son of Earl and Betty Hunt.

* * *

WE WERE SORRY to hear about Brett Perkins falling and cutting a gash in his head. He seems to be doing fine. He is the son of Nita and Jerry Perkins of 243 La Fiesta.

* * *

LEARNED THAT SHIRLEY Ann Rebeaud was in the hospital last week for some minor surgery. She is home now and doing fine.

* * *

WOULD LIKE TO wish Jack Quirk a speedy recovery. He had open heart surgery last week. The last I heard he was doing fine.

Jack is sales engineer for Center Plains Industries Inc. at 10800 Canyon Drive. That's almost across the expressway from Siesta.

* * *

A WEEK AGO last Sunday Paul, Raylene, Paul Jr., Guy and Jamie Qualls made a trip up into Kansas. It was partially for business and also served as an outing for the family.

* * *

FAYE RISNER'S GRANDMOTHER, Johnnie Rice is in Northwest Texas hospital where she underwent surgery recently. Faye has been spending as much time as possible there with her. She is doing very nicely.

* * *

SUNDAY MORNING BRIGHT and early Albert and Katie Rinne had visitors show up. Albert's folks Mr. and Mrs. A.A. Rinne and Albert's sister and hubby, Pat and David Koslan of Wilson came. Seems they came just the right day.

Albert put them to work helping on the new room. They made some pretty good headway. The Rinne's are now getting down to the slow part of the building. But bet they'll have it all completed and moved in before we know it.

SEEMS THERE'S A pretty new green Dodge making its home at 244 Loma Linda. Dorothy and Ernie Robertson are the proud new owners.

VOILE, FRANCES, MICHEAL, Robert, Kenny, Kellie and Kathy Whirley decided the change of the weather between here and Tucson was just too great so this past week they left us to return to their old stomping grounds of Tucson. We wish them the very best.

SUNDAY AFTERNOON MY family had a nice visit from my brother and part of his family, R.H., Helen and Timmy Weaver. They are about to get settled in at their new residence in Amarillo.

* * *

THE BOY SCOUTS met Thursday night at the recreation building. They played basketball and had an obstacle race. They then discussed a swim party for this week possibly.

Don't forget if you know a boy that is scout age who would like to get in on the fun of being a scout, please have him contact Charlie Carter at 216 La Fiesta. Or you may call me or contact Jo at the rental office. Scouting is really good for the boys.

SEVERAL LADIES FROM the Volunteer Fire Dept. Auxiliary walked the park Sunday afternoon, passing out handbills and encouraging everyone to come take part in a general meeting Tuesday night.

The main topic for the evening was to be on fire prevention, what to do in case of a fire, getting our fire truck in shape again and some type of housing for the truck. Hopefully we will have a full scale report for you next week.

"Friends" gain members at library open house

Ninety two individual memberships were gained by the "Friends" of the Canyon City Library during the open house reception at the new library facilities Sunday afternoon.

The sign-up of 92 new individual members brings the "Friends" to a total membership of 310 individuals and 6 organizational groups, according to Mrs. Crews Henry, membership chairman.

Attending the sign-up table Sunday with Mrs. Henry were other "Friends" including Conway Kuykendall, Joe Frank, John Childs and J. B. Roberts. Various other "Friends" were helping visitors become acquainted with the new library including Rev. and Mrs. Terry White, Joe Findley, Irby Carruth, Gene McGlasson, Mrs. Lon Fanning, Virginia Cotton, Mrs. J.B. Roberts, Audrey Sanders, Dr. Mattie Mack, and Evelyn Frieze.

The "Friends" are planning a projects meeting for March where the general membership will be selecting a special project to benefit the city library. Other current projects of the "Friends" include the resumption of the preschooler's storytime hours set to begin today, Feb. 26, from 3:15-3:45 p.m. at the city library for children aged three to school age.

Another special activity, planned by the "Friends" at their recent business session, is a public book review to be held March 11 at 7:30 p.m. in the library.

Original members of the "Friends" are reminded that renewal memberships are due and may be sent to the membership chairman, Mrs. Crews Henry, 2618 3rd Avenue, Canyon. Prospective members of the "Friends" may also contact Mrs. Henry or other members of the volunteer group to obtain more information about membership.

Graveside rites held

Graveside services were conducted Wednesday afternoon at Dreamland Cemetery for Emma Francis Service, 85.

Mrs. Service died Saturday at Grand Junction, Colo. where she had made her home with a son, Don, for the past two and a half years.

She was born January 27, 1891 in Beaukiss, Tex. and spent her childhood and schoolyears in Canyon. She was married to Ross O. Service at Electra on April 5, 1914. He died in 1935.

She was a member of the First United Methodist Church of Canyon and local arrangements were handled by Schooler-Gordon Funeral Directors of Canyon. Graveside rites were conducted by Rev. Jim Hancock, pastor of the First Baptist Church of Canyon.

Survivors include the son, Don, of Grand Junction, Colo; a brother, E.D. Gardner of Odessa; a sister, Meda Gardner of Abilene; 4 grandchildren and one great-grandchild.

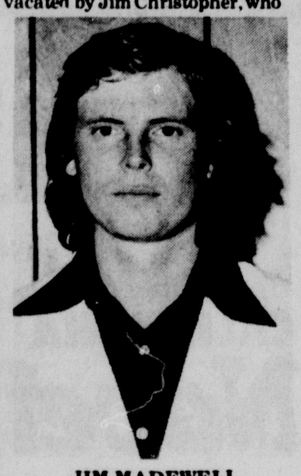
Madewell announces for city commission

A university student majoring in public administration has filed for election to the city commission.

Jim Madewell, a 21-year-old junior, at West Texas State University, is seeking the seat vacated by Jim Christopher, who has announced for the county court. Also running for the vacant city position is Jamie Martin, 23, of Canyon.



JIM MADEWELL

Madewell said he is concerned with developing newer parks and recreation facilities and investigating and revising present zoning ordinances.

In seeking office, he said, he would like to establish better communication and cooperation between the city commissioners and the area home builders and offer a better communication and information link between the board and Canyon Citizens.

Another interest, Madewell said, is Canyon's growth and development. He said he would like to see city annex developing sections such as the Hunsley Hill's expansions, and areas adjoining Westgate and Tierra Blanca.

Madewell, who was born in Kilgore, has lived here for six years and is a graduate of Canyon High School. He was employed in the city water department for a year.

Junior High School spellers who will be competing in the county competition on March 10 include front row, from left, Duane Dove, Toni Strickland, Ronald Humble, Mekala Fletcher, Roger Gower and Kevin Carroll. Standing, from left, are Barbara Sommer, Cody Duncan, Ken Cranmer, Mike Martindale and Ella Bost.

Fire mars celebration

A grass fire in Palo Duro Canyon interrupted the open house at the civic complex Sunday as two Canyon Fire Department units went to the blaze.

The fire apparently started in a camping area near the turnaround, Chief Jack Jennings said. Firemen fought the blaze for about three hours before it was extinguished and limited the fire to a relatively small area, he said.

Three other grass fires at the same time Monday afternoon kept firemen scurrying. Fires, all reported about 2:45 p.m., burned along the Santa Fe right of way near Buffalo Bowl, in a field on the Wayside-Happy road and on a cross-tie bridge about four miles west of town.

Little damage, however, resulted from any of the fires, according to Jennings.

Ross Griffins have baby boy

Sgt. and Mrs. Ross Griffin of Carswell Air Force Base in Fort Worth announce the February 6 birth of a son, James William.

The baby boy weighed 7 pounds, 8 ounces and measured 20 inches at birth.

Grandparents are Mr. and Mrs. John W. Griffith of Fort Worth and Rex and Joan Griffin of Canyon.

New community classes starting

More community education classes are starting this week and next, coordinator Virginia Cotton announced.

Adult gym sports will be held in the high school gym for the next 10 weeks. Scheduled every Thursday night from 7-9 p.m., the activity is directed by Coach B.B. Kendrick. Men and women who want to play basketball, volleyball, badminton, ping-pong, or use the weight machine or trampolines are welcome. Course fee is $14.

Knitting will start Tuesday night from 7-9 p.m. at the HECE room in the high school vocational education building. The instructor for the 13-week course will be Mrs. Bob Law. The class is designed for the beginning knitter or for those who want to improve skills and the fee is $8.

Wet in the wet oil painting will have Mrs. Glenna Wilson as instructor. Starting March 4, from 7-9:30 p.m., the course will continue for four weeks. Wet in wet technique allows an artist to complete a painting in three hours. The class will be held at the high school art room and the fee is $6.

Western Dancing for high school students will be instructed by Mr. and Mrs. Ron Hargrove. Openings are still available in the Tuesday night classes, which will be held for six weeks. Classes begin March 2 in the high school commons and the fee is $8.

A beginning roping class for all school students will begin next Monday in the Rex Reeves all-purpose room. Classes will be held from 4-6 p.m. for the next four weeks. The fee is $5 and students are asked to bring a 25-30 foot rope.

Registration will be held the first night of class or mail a registration form and fee to Community Education office, Drawer 899, Canyon. For more information, call 655-2168.

Funeral rites held for Mrs. Urban

Funeral rites for Mrs. Sam Urban, 67, were conducted Wednesday afternoon at Schooler-Gordon Funeral Chapel in Canyon with Rev. Bill Kent, pastor of the First United Methodist Church, officiating.

Mrs. Urban was born December 14, 1908 at Kingston, Mo. She was a graduate of Maryville Missouri State Teacher's College with a music major degree.

The former Willard McClinton and Sam Urban were married July 27, 1929 and moved to Canyon in 1956 from Norman, Okla. Her husband was the head of the physics department at West Texas State University at the time of his retirement.

The Urbans resided at 2420 14th Avenue, Canyon, She died early Tuesday morning at St. Anthony's Hospital in Amarillo.

Burial was conducted at the Memory Gardens under direction of Schooler-Gordon Funeral Directors. Serving as pallbearers were Frank Daugherty, Vaughn Nelson, Frank Blackburn, Leon Trekell, George Ritter and Harris Hampton.

Survivors include the widower, Sam Urban of 2420 14th Avenue, Canyon; one son, Bill Urban of 608 8th Avenue, Canyon; and four grandchildren: Stacy and Shanna Urban of Samnorwood, Tex. and Carl and Crista Urban of Spearman.

Cash awaits 'secret' customers

Canyon merchants have a new "secret" sale set for Monday, March 1, with the purchase of a variety of "secret" items entitling customers to cash prizes.

Participating merchants will select their own "secret" items from among merchandise advertised as First Monday Specials in the coming issue of the Canyon Sunday News.

Customers will learn if their specials are a "secret" selection from the salesperson after the purchase is completed, according to rules of the promotion and all customers purchasing the "secrets" will be awarded cash prizes.

There will be a minimum of two "secrets" entitling customers to cash prizes at the following participating merchants Monday: Johnston's Trustworthy Hardware, Tweedledee, Williams, Etc., Merle Norman Cosmetics, Towne Shoppe, Anthony's, West Texas Western Store, Carriage House, The Jewelry Store, Linde's Fashions, De'ons, Village Shoppe, Blue Daisy, Thompson's of Canyon, Byrd Pharmacy, Lane's TV & Appliance, Furniture Galleries, Martha June's Gifts & Collectables, HR's Flowers and Gifts, The Bookseller, McCormic Rd. Pre-schooler's storytimes start today at library

Canyon City Library will be the setting of a pre-schoolers storytime hour this afternoon, Feb. 26, from 3:15 to 3:45 under the sponsorship of the "Friends."

The storytime project is designed for all pre-schoolers beginning at age 3 and is structured to teach children to enjoy stories and story-telling activities.

Storytimes will be held weekly on Thursday afternoons through May 29. The program is designed to develop imagination in children, encourage their desire to read and instill the proper care of books as well as to foster various other skills of communication, according to Jan Welch, project chairman.

In addition to reading children's books, the Thursday storytimes will also include special filmstrips, music and children's games to enhance participation.

Co-workers on the "Friends" committee include Jane Stephens, Becki Miller, Viola Robbins and Liz Stevens. An orientation session for adult readers was held Tuesday afternoon. Others interested in participation as readers are asked to contact a committee member for information or visit one of the Thursday storytimes.

Schools out here Friday

A student holiday from the classroom will be held Friday, Feb. 27, after a round of second quarter tests are completed Wednesday and Thursday.

While the students of the Canyon Independent School District are on holiday, the teachers will be involved in workshop and training sessions on staff development. The all-day session for public school teachers will include purchase and budget requests along with an inventory and completion of grading on quarter tests.

The next holiday for the public schools will be March 15-19 when schools are dismissed for a spring break. Students are also scheduled to receive extra time off during Easter with no classes on Friday, April 16, or Monday, April 19.

World day for prayer scheduled on March 5

"World Day of Prayer" is celebrated each year on the first Friday of March. Since the first small gatherings in the United States 89 years ago, this prayer movement has captured the imagination of Christian women in local communities everywhere. Across continents and islands, to include 169 countries around the world.

In every state in this nation, World Day of Prayer is sponsored by church women united—a movement of Protestant, Orthodox, and Roman Catholic women. Although Canyon does not have an organized Church Women United group, the church women of Canyon do get together at various times.

The United Methodist women are hosting the World Day of Prayer, March 5 at 10:00 a.m. All women of Canyon are invited to share in this service.

The program this year is being prepared by Women of Mexico. The theme of the program is "Education for All of Life" and the service is unique in that it invites all to share directly in the experiences of Latin American women through dramatic dialogues which are incorporated into the worship experience.

Women of various Canyon churches will be participants in leading the service. Following the program a fellowship coffee hour will be held in the church parlor.

Farm Bureau community meet in city tonight

The Farm Bureau Building in Canyon will be the site of a community meeting for the purpose of electing community representatives to the County Farm Bureau board of directors tonight at 7 p.m.

Communities involved in tonight's meeting will be the Canyon East and West Side, Fairview-Sunnyhill, Trigg, Park-Stone and Highland.

The meeting will include a covered dish supper for Farm Bureau families with meat, bread and drinks furnished and each family requested to furnish either a vegetable, salad or dessert.

The Jowell Community meeting is slated for Friday evening, Feb. 27, at 7 p.m. in the Jowell Community Building. The Umbarger Community met there Wednesday evening for elections, however results weren't known at presstime earlier in the day.

News brief

Dr. Darrell Munsell, associate professor of history at West Texas State University, will present the "British Point of View of the American Revolution" at the noon Friday Forum.

Dr. Munsell's speech is a continuation of the Bicentennial Series of Friday Forums by Pi Delta Phi, French honor society.

Things are just sew-sew around here

By KAROLYN FARMER

HUNTING FOR NEWS this week has been like looking for the proverbial "needle" in a haystack. I'm sure there's plenty of good "material" around, but finding it isn't always a "snap."

As I sit here "facing" the typewriter, I just can't seem to "alter" my thoughts enough to "fit" any definite "pattern."

"Sew" I guess I'll just stick with my "basic design" and get on with the news.

* * *

THAT WAS A very sneaky way of leading into thanking Mrs. Cathy Cameron for visiting in our home this past week.

Mrs. Cameron, one of the Home Ec teachers at CHS, has a policy of visiting the parents of each one of her students. Our daughter has just completed her class in sewing, and has really become quite a seamstress under Mrs. Cameron's direction.

Cathy and her husband, Wayne, are planning to move to the Gene Howe area as soon as their new home is completed.

GENE HOWE PTA will meet on Monday, March 1 at 7:00. Our third graders have been working hard preparing the program for the meeting. And regardless of whether you have a child in the third grade or not, you're sure to enjoy their patriotic musical production.

* * *

THE ELECTION OF CISD school board members will be held April 6, and candidates who have filed for the school board have been invited to attend the PTA meeting.

Because of the limited time schedule, the candidates will not be allotted any time to speak during the meeting, but will be available afterwards to answer any questions we might have.

PAT STEVENS, ONE of the second grade teachers at Gene Howe, attended the Texas Classroom Teachers Convention in Dallas last week.

Mrs. Stevens, along with Mrs. Patsy Sommer and Mrs. Guyda Webb of Rex Reeves, drove to Dallas on Thursday and returned on Sunday. Pat says a bad case of "homesickness" prompted the ladies to leave Dallas after the close of the convention on Saturday evening, causing them to arrive home at about 3:00 in the morning.

Pat Stevens will serve this next year as Legislative Chairman of the District Classroom Teachers Association. She was especially interested in a resolution at the convention that would allow Texas teachers the right to strike. This resolution, Pat says, met with the most opposition and was emphatically voted against by the delegates.

Another important item of business with which Pat was concerned was a revision of the by-laws of the association.

A special extra benefit of the trip for Pat was the opportunity for a short visit with her daughter, Mrs. James (Demaris) Brown, and her grandson, Shannon Stevens, who is now living with Mr. and Mrs. Brown.

* * *

MARY AND HAROLD Knight, Jeff, Jay and Kelly, made a flying trip to Dallas over the weekend to visit Mary's parents, Joy and Coy Barger of Ft. Worth.

Mr. Barger has recently been hospitalized, but Mary says that his condition has improved enough for him to return home.

Also making the trip with the Knights was Mary's sister, Mrs. Gary Humphrey, and her family.

JUANITA AND HORACE Evans and Gary have returned to live in the Gene Howe area. The Evans, who formerly lived on Wilshire, have built a new home in the Estacado Addition.

Juanita was born and raised in the Amarillo area, while Horace is a native of the Shreveport, La. area. Horace is employed as an accountant with A.E. Herrmann Corporation.

The favorite family activities for the Evans are swimming and snow skiing. They, along with George and Jackie Jobe, George Jr. and Shelley, enjoyed a recent weekend of skiing together at Angel Fire, N.M. The Evans family already have reservations made and are planning another skiing trip to Angel Fire very soon.

Juanita is interested in decorative painting as a hobby, and is excited about starting a new series of painting lessons this week. She is also an avid supporter of PTA, having served as hospitality chairman of the Ridgecrest PTA for the past two years.

Of course, Juanita confirmed something we all already knew — that the Gene Howe area is a great place to live — and she says her family is really glad to be back.

GARY MUEHLHAUSEN AND his family have had their share of "badluck" type accidents recently. Two weeks ago Gary and his wife, Bobbie, were in Perryton when he twisted his ankle. A visit to the hospital emergency room there revealed that the ankle was severely injured, and the Muehlhausens made a fast trip to the emergency room at Northwest Texas Hospital.

Bobbie says that within an hour after arriving at the hospital, Gary was in surgery for the removal of one of his ankle bones. Mr. Muehlhausen has just returned home from the hospital this week, and his leg will have to be in a cast for several more weeks.

Gary is production supervisor at Southwestern Portland Cement. Just six months ago he was involved in an industrial accident and severely burned both feet and ankles, which required a 21-day stay in the hospital.

This past weekend, Christy Muehlhausen, who is in the fifth grade at Gene Howe, fell on a neighbor's trampoline and injured her neck.

LINDA AND WENDELL Trammell had to postpone celebrating their latest wedding anniversary because of a rash of sickness in the family. However, Wendell did present his wife with a dozen red roses for their anniversary on Feb. 22, and the Trammells are planning an evening out this weekend.

Dommie Trammell spent Saturday night with fellow sixth grader, Eddie Vance. The boys reportedly had a good time in spite of the flu bug which struck Eddie during the night.

THE COULTER ROAD 4-H Club, under the leadership of Bill and Karen White, is busily engaged in some exciting new activities.

A series of roping clinics was begun on Feb. 14 and will be held each weekend for about two more months. R.W. (Digger) Howard is serving as the instructor in the techniques of calf roping.

Stanley Nobles is also assisting Mr. Howard. The 4-H boys and girls are literally "learning the ropes" in preparation for the State 4-H Finals to be held in Amarillo this summer.

Beginning the first weekend in March, the boys and girls will also be participating in a series of horsemanship clinics under the guidance of Orin Barns. They will concentrate on all areas of horsemanship, including showmanship, western pleasure and reining.

Members of the Coulter Road 4-H Club from the Gene Howe area are: Billy White, Kristy White, Kim Howard, Todd Howard, Cindy Stapleton, Kelly Stapleton, Clay Bingham and Andy Reagan.

MRS. PAT (VICTORIA) Messenger is recuperating at home following surgery last week. Mrs. Messenger underwent surgery to her hand on Wednesday.

THE CUB SCOUTS of Pack 130 are busy selling tickets for the Scout Circus to be held on March 20. The circus is a first-time event for the Scouts of this area and will take place at the Tri-State Fairgrounds, with performances at 2:00 and 8:00.

Joe Wait, of Lake Tanglewood, is serving as Council Chairman for the Circus which will feature acts put on by all area Boy Scouts and Cub Scouts.

The Cub Scouts of Pack 130 will receive 25 per cent of the proceeds from the tickets which they sell. So be sure to support our area Scouts by buying tickets from them when they call at your door.

If, by chance, your home is missed, you may call Billy Edwards at 352-3136.

OUR DEEPEST SYMPATHIES are extended to Mr. and Mrs. Bill White and family, Mrs. Velera Kelley, the grandmother of Karen White and the great-grandmother of Billy and Kristy, passed away last Friday at St. Anthony's Hospital in Amarillo.

Funeral services were held Monday in Hereford.

The loss of her grandmother was especially difficult for Karen because she spent most of her childhood with and was raised by Mrs. Kelley.

MRS. ROY (AUDRY) Tyler is a patient at St. Anthony's Hospital in Amarillo. Mrs. Tyler, who was hospitalized last week for surgery on her hip, is hoping to be released this Saturday.

THE 5TH GRADE Boys Basketball team played in the Kids, Inc. Tournament last weekend. The boys were defeated in their first game on Friday night, but beat Panhandle on Saturday by a score of 17-16.

They will play their final game of the season this Saturday at 3:00 in the Austin Jr. High gym.

NEXT WEEK, MARCH 1-5, has been designated as Texas Public School Week. Besides attending the PTA meeting on March 1, I hope you'll make it a special point this week to visit our fine schools and become better acquainted with our teachers and administrators.

We in the CISD owe a tremendous debt of gratitude to our school superintendent, our school board members, principals, teachers and everyone connected with our school system.

Our high quality education system and the caliber of students it turns out definitely didn't come about merely by accident. Our children are fortunate to attend schools where high standards are set and enforced. And it's largely due to these requirements, both academic and non-academic, that we have few of the problems so prevalent in some other school districts.

The people who are responsible for educating our children are not omniscient saints, but are fallible human beings, just like you and me. Any problems that exist or that may arise could surely be better settled by positive efforts than negative criticism.

So please take the time during Texas Public School Week to encourage and thank the men and women who serve our children and our community.

New beef grades in effect but store brands not altered

Much-discussed and delayed new standards for grading beef for consumer grades went into effect Monday and USDA graders began applying revised standards.

John Brazzil, Randall County extension agent, said not all beef is graded and processors may continue to use store or counter brands describing their own system. But if official grades such as choice, prime, or good, are used, USDA graders will make the determination on the carcasses.

The effect of the new system is to reduce the amount of marbling or internal flecks of fat deposit particularly in the prime and choice grade, he said.

Brazzil said that if feeders continue to follow their present feeding practices the amount of beef in the prime grade may be increased by 5 to 7 percent because of the lower marbling requirement.

The big change, he said, will be in the choice grade, the most common consumer grade now used nation-wide. Under present feeding practices the amount of beef grading within the choice grade may increase as much as 25 per cent. This increase will be mostly from the younger end of fed cattle, mostly 30 months or less when slaughtered that will have enough marbling to be tender and juicy but will not be required to have as much fat deposit in the muscle tissue.

While the top two consumer grades will be less restrictive, the good grade will be narrower and the amount of beef grading good will be reduced.

Carcass yield or cutability grades will be a part of the new grading system as yield grades will be mandatory when quality grading is done by USDA graders. Yield grades as #1, #2, #3, will be rolled on the graded carcasses to give an indication of the amount of red meat that may be present in the carcass. Yield grades will be significant to consumers if they buy carcasses but will not be noticed on retail cuts.

The USDA graders are used extensively in market news reporting and in the meat trade, Brazzil said. Standard grading allows the meat trade to buy and sell by specifications when grade and yield designations are used. At this time the most common basis for fed beef is the quality grade choice and yield grades 2 and 3.

With the easing of requirements for the choice grade, feeders may be able to reduce the total time cattle are in the feedlot on high grain rations.

Hazel Sunderman inspects a bicentennial display at the Canyon Junior High School library. She will be receiving the Schoolmen's Medal Award from the Freedom's Foundation of Valley Forge later this spring.

Freedoms foundation honors librarian

The Freedoms Foundation of Valley Forge has recognized Mrs. Hazel K. Sunderman, librarian at Canyon Junior High School, for the Schoolmen Medal Award which will be officially presented in the spring.

Since 1949, the Freedoms Foundation has annually recognized individuals, schools and organizations for constructive words and actions in support of good citizenship and offering solutions to contemporary national problems. The Foundation is a non-profit, non-political and non-sectarian organization which seeks to preserve the principles of freedom.

The Valley Forge honor certificate award in the school category will be presented to the Freedom Singers of Tascosa High School, Amarillo, who are directed by Frank Frisbie.

Panel still planning city July 4 festival

Members of the Randall County Bicentennial Committee's festival subcomittee continued Monday hearing proposals for activities for the Canyon 4th of July celebration.

The celebration has officially been scheduled for Saturday July 3, and committee members Monday discussed the possibility of holding dances and special banquets in conjunction with the event.

Harold Hagemeier, building trades instructor at Canyon High, and a committee member, reported that a time capsule can be placed at the base of the Conner Park flagpole with the addition of a concrete base and concrete box to hold the capsule. The Sue Hite Club has been given responsibility to plan the items which will go into the time capsule, which will be dedicated on July 3.

Chairman Mrs. Jane Stephens announced that Lady Bird Johnson, wife of the late President, has declined the group's invitation to be a special guest on the 3rd.

Mrs. Stephens said she will look into the possibility of holding several dances throughout the city for the celebration.

The committee approved the idea of allowing families to enter their private vehicles in the July 3 parade as long as the vehicles are decorated with a bicentennial motif.

The Canyon Boy Scout groups are scheduled to provide honorguards for the flag-raising ceremonies on the 3rd.

Art on exhibit

Artwork by elementary school children will be on display at Rex Reeves and Gene Howe schools throughout March.

HERPES VIRUS NOW A COMMON VENEREAL DISEASE

Little known ten years ago it has become almost as common as syphillis and gonnorrhea. And, genital herpes can have serious consequences. Children born to mothers suffering from this type of herpes can develop Neo Natal herpes which is most often fatal. Also, there appears to be evidence that women with herpes run a greater risk of developing cervical cancer.

Right now there is neither a certain treatment or cure for genital herpes. Although researchers feel that eventually a vaccine may be the answer, none is close to development.

FTA MEMBERS WHO traveled to Houston for the state convention were Cathy Parker, Lissa Foster, Brenda Parker, and Gay Venhaus. Foster Parker was their chauffeur and sponsor on the way down . . . due to Mrs. Parker's illness. Then Faye flew down and Foster flew back.

The girls stopped in Austin and toured the state capitol. In Houston they toured the Astrodome. They stayed on the 27th floor of the Hyatt Regency Hotel (complete with glass elevators that you look down — all the way up).

Cathy Parker, District President, and her mother, Faye Parker, were platform guests at the first general session. Cathy, as District I President, presided over the district caucus, served in the House of Delegates and was the spokesman for this district, and served on the Resolutions committee. District I is one of the four largest districts in the state of Texas.

The State FTA program included a Bicentennial Program, skits by officers running for state offices, a dance and workshops.

District I had a young man from Childress running for parliamentarian and he won that office.

THE MOST MOISTURE in the area recently fell Saturday morning Feb. 14. If you were out, your glasses got too wet to see through. But dirt blew during the afternoon.

Dirt has blown down every country road or barrow ditch (that's how you really spell "bar" ditch) every windy day. Last week-end gusts were commonly blowing up to 55 mph. Cow lots are adding to the misery if you are down wind.

One neighbor told me she couldn't see her yard fence — and she doesn't have too big a yard.

Don't just think rain . . . Pray for rain. "And all things, whatsoever ye shall ask in prayer, **believing**, ye shall receive."

And don't forget to give blood tomorrow.

Have a good day!

Vera Brown, junior high art instructor, presented the awards to Canyon Junior High students after their artworks were displayed during the recent Scholastic Art Awards in Amarillo. From left are Mrs. Brown and CJHS students, Becky Lee, 9th, who earned a certificate of merit award; Robin Waide, 9th, who received a key recognition; and Mark Lackey, 9th, who received a certificate of merit. The CJHS art program includes some 400 students with 7th and 8th graders limited to a quarter course each year, according to Mrs. Brown.

Former woman from city recognized with honors

Mrs. Gerald Armstrong, the former Virginia Lee Crounse of Canyon, has been selected for inclusion in the 1975 edition of "Outstanding Educators of America" and the 1975 edition of "Who's Who in Texas."

The Outstanding Educator award is given in honor "of contributions to the advancement of higher education and service to the community." The Texas award is granted "in recognition of distinguished citizens of the State of Texas."

Mrs. Armstrong is the daughter of Mr. and Mrs. T. V. Crounse of Canyon and the daughter-in-law of Mrs. Leona Meyer Armstrong, a Canyon native now living in Odessa. Mrs. Armstrong was valedictorian of her Canyon High School graduating class and graduated with Special Honors in the Social Sciences from West Texas State University. She received the M.A. degree in political science and public law from Texas Tech University, where she held a graduate fellowship and teaching assistantship. She has also done doctoral work at Texas Tech and is presently assistant professor of political science at Hardin-Simmons University in Abilene.

While attending West Texas State, Mrs. Armstrong was active in campus affairs, was listed in Who's Who among Students in American Universities and Colleges and was named the Outstanding Delta Zeta Sorority Education Chairman of Texas. In 1970 she was named one of the Outstanding Young Women of America and in 1972 was honored as an Outstanding Personality of the South.

Mrs. Armstrong holds membership in several honor fraternities, including Phi Kappa Phi, Alpha Chi, Pi Gamma Mu, Pi Sigma Alpha, Phi Alpha Theta, Kappa Delta Pi, and Sigma Tau Delta. She has also held membership in the American Political Science Association and the American Academy of Political and Social Science, and the Delta Kappa Gamma Society.

Mrs. Armstrong is active in church affairs and the academic, administrative, and religious life of Hardin-Simmons. In addition to numerous committee and organizational activities, she is presently secretary to the faculty and sponsor of the White Horse Riders. Her husband, Gerald, is Director of Student Financial Aid at the Baptist university.

Benefit dance for MOD funds

A benefit dance to aid the Golden Spread Chapter of the March of Dimes has been set for Feb. 28 at the Kappa Alpha Order lodge hall, south of Canyon.

Music for the benefit is being provided by the "Windy City" musical group with dancing to be held from 9 p.m. to 1 a.m.

Admissions will be $5 for couples, and $3.50 for stags.

The "Panhandle Prowlers" group of Faculty Wives, Etc. were in Panhandle, Texas this past week for a tour of the Square House Museum. Canyon women, from left, included Evelyn Lumry, Barbara Johnson, Barbara Sawvell and Norma Carruth with Mrs. Ralph Randel of Panhandle, right, who conducted the tour and entertained the locals with a brunch at her home.

Sixth grade choir entertains with flair at Sue Hite meeting

The Rex Reeves Special Boys and Girls Choirs entertained 33 members of the Sue Hite Club at their regular meeting, Monday, Feb. 23, in the annex music room of the Rex Reeves School.

In keeping with the club's theme for the year "Our Heritage — Guidelines for a Brighter Tomorrow," the combined choirs presented the following program of Bicentennial music:

"200 Years Ago," Katherine Davis; "Choral Speech" (an excerpt from the Declaration of Independence); "British Grenadiers;" "Why Jesus Wept," William Billings; "Sea to Shining Sea;" "Norwegian Dance" (a tribute to the Norwegians who have made great contributions to the development of America); "Fifty Nifty United States;" "Which Way America?"; and "Peace to You."

The piccolo, drums, bells, xylophones and cymbals enhanced the beauty of the choral numbers.

The choirs were under the direction of Donna Wilson with Marriellen Garner as piano accompanist.

In the business meeting that followed the club voted to start a Bicentennial bookshelf at the public library, and to have a display of pioneer-day quilts at the Randall County Bicentennial Celebration.

Sixth grade choir students of Rex Reeves Elementary School, under the direction of Donna Wilson, presented a bicentennial musical program Monday afternoon for members of the Sue Hite Club of Canyon.

Panhandle prowler group tours museum

"Panhandle Prowlers" a study group of the Faculty Wives, Etc. were in Panhandle, Texas on Feb. 17 for a tour of the Square House Museum.

The museum is devoted to recognition of the area as cattle company headquarters from the middle of the 1880's. The complex also includes the Moody Wildlife Building which houses displays of wildlife in the Plains; the Finch Farm and Ranch Display featuring a dugout dwelling, windmill and working gear of the cowboy; and the Freedom Hall which is used as a bicentennial display for student art on freedoms won by Colonists, Texans and the early settlers of the West. The crafts and arts exhibits feature work by public school students throughout the area and exhibits are changed every two weeks.

Mrs. Ralph Randel entertained the Panhandle Prowlers group from Canyon with a brunch at her home preceding the tour of the museum and conducted the guided tour.

Those attending from Canyon were Norma Carruth, Jo Green, Margaret Guidry, Marilyn Johnson, Evelyn Lumry, Betty Malzahn, Suzanne Miller, Betty Rathjen, Margaret Ann Underwood and Barbara Sawvell.

Highland group making cushions

Mrs. Bernard Grabber was hostess for the Highland Home Demonstration Club's meeting on Feb. 11 with Mrs. Jones Hales, vice president, in charge of the business meeting.

Mrs. Grabber reported to the club about several new divisions which will be available for entry at the Tri-State Fair this fall. The divisions mentioned were for both young people and adults.

The meeting was devoted to cutting out and sewing together new covers for rocking chair cushions which are to be presented to the LaCasa Canyon Nursing Home this spring.

Seven club members were present including Mesdames Bernard Grabber, Boyd Elliott, Jimmie Janssen, Warren Thompson, Jones Hales, Ernest Stoker and Ervin Podzemny.

Next club meeting will be Feb. 28 at 1:30 p.m. with Mrs. Boyd Elliott on Hollywood Road.

Wedding gifts presented for pending union

The forthcoming marriage of Miss Seleta Cher'e Abbott and Jimmy Earl Gwin was feted with an assortment of wedding gifts presented during a shower Monday evening at the home of Mrs. Riley Troth, 2410 9th Avenue.

Receiving guests with the honoree was her mother, Mrs. Clifford Abbott of Canyon. Special guests for the occasion were the bride-elect's grandmothers, Mrs. Roy Dodson of Tulia and Mrs. G.M. Abbott of Canyon.

A mixed bouquet of apricot and white flowers centered the serving table where cookies and sandwiches were served along with apricot punch. The bride-elect's aunt, Mrs. Bill Abbott of White Deer, served at the table and guests were registered by Brenda Brock of Canyon.

Co-hostesses for the evening were Mesdames Roland Black, Recil Johnson, R.E. Barnard, J. Keith Jones, Kenneth Erwin, J. Mack White, Samuel Steen, Kenneth Waugh, D.C. Gamble, Bax Calloway, Jack Jennings and A.J. Lindemann.

Jazz history for arts club

The history of "jazz" was discussed and illustrated by George Eason, piano department professor from West Texas State University, at the meeting Monday evening of the Canyon Fine Arts Club.

The club met at the home of Mrs. Bob Lindsey with about 15 members present and Mrs. Hugh Sanders serving as co-hostess.

The member-in-action segment of the evening was given by Mary Haraden and daughter, Mary Margaret Haraden, at the piano. Miss Haraden and her piano instructor, Helen Gerald, assistant concert master of the Amarillo Symphony, also presented a selection of musical numbers.

A brief business meeting was conducted by the president, Margaret Harper, and refreshments of cherry pie and ice cream were served.

Fiesta supper plans underway

Planning has begun for the annual Mexican fiesta supper to raise funds for the continuing services of the Canyon Community Family Services Organization, according to Carmen Hernandez, projects coordinator.

The dinner is being planned for late March to be held in the cafeteria at Rex Reeves Elementary School. Tickets will be available to the public with all proceeds going into the coffers of the CCFS group.

HD councilwomen tour new county facility

Randall County's Home Demonstration Council members and guests convened at the South Amarillo Annex Monday afternoon and toured the new governmental building as part of their program.

Fifteen were present for the meeting which was hosted by the Jowell and Panhandlers Home Demonstration Clubs.

Mrs. Bill West, council chairman, presided during the monthly business meeting as the group discussed plans relating to the upcoming 4-H Food and Bake Show to be held March 6 at the First Presbyterian Church in Canyon.

The council elected Ernestine Howard, Gwen Tucek and Dolores Wilhelm to serve as council delegates for the District meetings to be held in Perryton March 25. Francis Northcutt was named as an alternate delegate for the district sessions.

It was announced that home demonstration women who are also involved in sorority work should have their names submitted to Diane Cox, Canyon, for consideration in the Panhellenic awards this spring.

Plans were also reviewed on the annual May Day luncheon which honors each home demonstration club's woman of the year. The luncheon has been tentatively set for mid May with advance tickets to be sold at $1.50. The annual event will be open to the general public as well as home demonstration members.

Alpha Theta Delta chapter of Beta Sigma Phi sorority extended chapter honors at the Feb. 14 coronation to Mrs. Ricky Richardson, left, chapter princess and Mrs. Gary Clark, chapter queen.

TOPS bazaar is Saturday

"You need it — we got it" is the idea behind a community-wide activity planned for Saturday, Feb. 28, by the morning and evening TOPS Clubs of Canyon.

The two clubs have combined efforts for a fund-raiding activity to be held at the Canyon Community Center from 9 a.m. to 7 p.m. Saturday.

In addition to serving coffee for a nickel, the two clubs have a selection of furniture, baby items, home canned vegetables and jellies, baked goods, toys, handicrafts, plants and a variety of miscellaneous items for sale.

Valentine lunch at Downing home

Valentine luncheon for the Pleasantview Home Demonstration Club was held Feb. 11 at the Allen Downing home with 10 members and three guests attending.

A business meeting was conducted by Mrs. Jim Irlbeck and a program on "The Metrics Are Coming" was given by Mary Donnell.

The membership held an exchange of secret pal gifts. The next meeting will be at the home of Evelyn Meyers on Feb. 25.

News brief

John Watkins, son of Dr. and Mrs. Lloyd Watkins, has been invited to be initiated March 6 into Phi Eta Sigma at Texas Tech.

Only about 2.25 percent of the men in the freshmen class each year qualify for the mens' scholastic honor society.

Watkins' first semester grade point average was 3.81.

News brief

Five West Texas State University students were featured in a composers recital recently at the WTSU Branding Iron Theatre.

Works composed by the students will be presented by Mark Elliott, Dalhart junior; Tim Albritton, Amarillo graduate; Gary Thrasher, Amarillo senior; Fred Mays, Canyon senior; and Steve Hilton, Canyon graduate student.

THE BIRTHDAY CLUB met Wednesday, February 18th, in the Charley Beckman home, to celebrate Katherine's birthday.

Two new members, Mrs. George Brockman and Mrs. Max Hoffman, were welcomed into the club.

Games of Bingo were enjoyed and refreshments were served to Mesdames Ben Buecker, Gertrude Fischbacher, Vincent J. Meyer, John Batenhorst, Aline Lindemann, Hazel Friemel, Conrad Westhoff, Marie Irlbeck and the honoree.

Special guests were Katherine's daughters, Phyllis Przilas and son, David, who came from Dalhart and Therese Ann Jones and her daughters, Gretchen and Kaysee, from Canyon.

MR. AND MRS. John Batenhorst received an invitation last week, to attend a Mass and reception for her aunt, Sister M. Pauline Knust, who celebrated her 100th birthday on February 25th. The celebration was held at St. Mary's Chapel, Holy Family Convent, in Manitowoc, Wisconsin.

Theresia Gertrud Knust was born in Westfalia, Germany, the daughter of Joseph and Elizabeth Knust. In 1881, she came to America with her parents, 2 sisters and 2 brothers and they settled in Nebraska on a farm about 25 miles from West Point.

In 1895, when she was 19, she entered the Holy Family Convent in Manitowoc and was given the name Sister Pauline. She served the Church and her community of Sisters as a home maker for over 60 years.

She celebrated her 75th anniversary of her religious profession in 1973. In 1961, she retired to Holy Family Convent, where she now resides. Though she is confined to a wheel chair, she still has good health. Mr. and Mrs. Batenhorst did not get to attend the celebration.

I TALKED SADIE Brandt out of her recipes for the cheese balls that she makes so well and thought I'd pass them on to you. They are delicious and we can vouch for that.

Walnut Cheese Log

1½ cups walnuts
1 lb. grated cheddar cheese
1-8 oz. package cream cheese
½ cup soft butter
1 teaspoon seasoned salt
2 tablespoons each of pimentoes and ripe olives.

Drop nuts into rapidly boiling water, boil 3 minutes. Drain well. Spread evenly in shallow pan and bake at 350 degrees for 15 minutes, stirring often, then chop.

Beat cheeses, butter and salt until smooth. Stir in ½ the nuts, pimentoes and olives. Chill to handle. Shape into a log or ball and roll in remaining nuts. Chill. Serve with crackers. Two tablespoons sherry may be substituted for the soft butter.

White Cheese Ball

2-8 oz. packages cream cheese
1-8 oz. can crushed pineapple
2 cups chopped nuts
Lawry's seasoned salt to taste
½ cup chopped bell pepper
2 tablespoons chopped onion

Cream cheese until smooth. Add 1 cup nuts and the other ingredients. Shape into ball and roll in nuts. Refrigerate overnight.

Our thanks to Sadie for sharing.

JOE AND OLA Wieck have returned from Orlando, Florida, where they attended the 22nd annual meeting of the Rural Telephone Co-operatives, held from March 9th through March 13th.

After the business meetings, the delegates were taken on a tour of the Sea World and the Cyprus Gardens. At the Cyprus Gardens, they saw a ski show, where the skiiers stood five high and did fancy skiing.

After the meeting was over, several couples went on to Disney World, which they enjoyed very much. They stopped to see Mr. and Mrs. James C. Clark, who have a large strawberry farm at Dover, Florida.

The Clark's took them to see the Busch Gardens in Tampa and to the Sunken Gardens in St. Petersbury. They spent several hours on the beach and enjoyed the citrus fruit groves. They were gone 10 days.
